## ORIGINAL STUDIES

<i>The role of serum D-dimer in the diagnosis of periprosthetic joint infection and timing of reimplantation</i> , Erdem Sahin <i>et al.</i> .....	587
<i>Only limited correlations between patient-reported outcomes and objectively monitored physical activity 10-years after THA</i> , Jetse Jelsma <i>et al.</i> .....	593
<i>Risk analysis of restrictive factors for fast-track hip arthroplasty - a retrospective study of 1138 patients</i> , Florian Radetzki <i>et al.</i> .....	601
<i>Length of hospital stay following hip fracture and risk of 30 and 90 day mortality in a United Kingdom cohort</i> , Hassaan Q. Sheikh <i>et al.</i> .....	607
<i>Ultra-short cementless anatomical stem for intracapsular femoral neck fractures in patients younger than 60 years</i> , Marian Melisik <i>et al.</i> .....	619
<i>Minimally invasive plate osteosynthesis without floating segment fixation for segmental fracture of femur</i> , Surasak Jitrapaikulsarn <i>et al.</i> .....	629
<i>Outcomes of acute fix and replace in complex hip posterior fracture dislocations with acetabular fractures : a minimum of 3 years follow-up</i> , Veenesh Selvaratnam <i>et al.</i> .....	635
<i>Ganz osteotomy for treatment of hip dysplasia through intra-pelvic approach. Early results</i> , Ahmed M. Saied <i>et al.</i> .....	643
<i>Superior clinical results and higher satisfaction after customized compared with conventional TKA</i> , Alexander Zeh <i>et al.</i> .....	649
<i>Extra-articular tibial deformity management in total knee replacement</i> , Sanjeev Agarwal <i>et al.</i> .....	659
<i>Medial pivot versus (cam post) posterior stabilised total knee arthroplasty, systematic review and meta-analysis of 3837 knees</i> , Hany Elbardeesy <i>et al.</i> .....	665
<i>Metal wear debris generation in primary total knee arthroplasty: is it an issue?</i> Jonas Kellens <i>et al.</i> .....	681
<i>Should tranexamic acid be used for 3 days after total knee replacement? A randomized study in 250 patients</i> , Nilen Shah <i>et al.</i> .....	697
<i>Platelet-rich plasma vs platelet-rich plasma plus hyaluronic acid for haemophilic knee arthropathy treatment</i> , María Eulalia Landro <i>et al.</i> .....	705
<i>Associations between biomarkers and histological assessment in individual animals in a destabilization of the medial meniscus (DMM) model of osteoarthritis (OA)</i> , Seon Young Choi <i>et al.</i> .....	713
<i>Tenosynovial giant cell tumor of the pes anserinus bursa with secondary involvement of a reconstructed autologous anterior cruciate ligament – A case report</i> , Loïc Van Oost, Friedl Sinnaeve .....	723
<i>Intra-articular injection of Platelet rich plasma versus Hyaluronic acid for moderate knee osteoarthritis. A prospective, double-blind randomized controlled trial on 189 patients with follow-up for three years</i> , Medhat Sdeek <i>et al.</i> .....	729
<i>The effects of preoperative neuromuscular electrical stimulation on the postoperative quadriceps muscle strength and functional status in patients with fast-track total knee arthroplasty</i> , Raziye Şavkin <i>et al.</i> .....	735
<i>Treatment of open and comminuted mid-distal tibial fractures by bilateral external fixation combined with limited-internal fixation</i> , Hongsoo Liang <i>et al.</i> .....	745
<i>Morel-Lavallée lesion associated with atypical skin damage: a case report</i> , Matteo Luisetto <i>et al.</i> .....	751
<i>The mangled extremity: assessment, decision making and outcomes</i> , Martin Sharrock. ....	755

<i>Safe zone for minimally invasive calcaneal osteotomy: an MRI study, Vasantha Kumar Ramsingh et al. ....</i>	761
<i>The effectiveness of a Botulinum Toxin A infiltration in the management of bicipital cramps after arthroscopic biceps tenotomy, Marieke Torrekens et al. ....</i>	765
<i>Scaphoidectomy and 4-corner arthrodesis with headless compression screws: results, complications and their treatment, Kira Vande Voorder et al. ....</i>	771
<i>Results of treatment of trapeziometacarpal osteoarthritis with trapeziectomy and tendon allograft interposition, Nadine Hollevoet et al. ....</i>	779
<i>Isthmic spondylolisthesis treated with circumferential arthrodesis (ALIF and posterior fixation): correction, fusion and indirect decompression, M. Khalifé et al. ....</i>	787
<i>Dynesys® dynamic stabilization outcomes in degenerative spine surgery, Marc Khalifé et al. ....</i>	795
