ORIGINAL STUDIES

<i>In Memoriam : Robert Danis, an inspiration for Maurice Müller and origins of the AO Foundation.</i> Jan Dauwe <i>et al.</i>	577
<i>Introduction of the orthogeriatric co-management model increases the quality of care : a pilot study.</i> Siddhartha Lieten <i>et al.</i>	580
<i>Do we publish what we present? The publication rate of a national arthroscopy society and a review of the literature.</i> Jan Jaap De Graeff <i>et al.</i>	588
<i>Natural history of shelf gap and paleo-acetabular depth after shelf acetabuloplasty for Perthes disease.</i> Giovanni Caruso <i>et al.</i>	599
<i>Challenges of the induced-membrane technique in the reconstruction of traumatic tibial defect with limited resources : a cohort study.</i> Laurent Mathieu <i>et al.</i>	606
<i>Alpha-defensin for the intra-operative diagnosis of prosthetic joint infections.</i> Aimé-Constant Obiang <i>et al.</i>	614
<i>Chronic Mycobacterium kansasii tenosynovitis in an immunocompromised host : case report.</i> Laura Lemmens <i>et al.</i>	621
<i>Acute leg compartment syndrome after CT-guided core needle biopsy of a giant cell tumor of the proximal fibula.</i> Kevin Moerenhout <i>et al.</i>	624
<i>Comparable clinical and radiographical outcomes between second and third generation of gamma nails.</i> Lode Holsterset <i>et al.</i>	628
<i>Debridement, antibiotics, irrigation and retention in prosthetic joint infection : predictive tools of failure.</i> Daniel Morcillo <i>et al.</i>	636
<i>Preoperative planning of Total Hip Arthroplasty. Must this essential part of the procedure be necessarily performed by the orthopedic surgeon? A prospective study about 100 Corail® Hip System.</i> Thierry Thirion <i>et al.</i>	644
<i>A comparative study of Osteal® stem subsidence using EBRA-FCA® method and a specific and original analysis model developed with the Imagika® software.</i> Thierry Thirion <i>et al.</i>	650
<i>Medium-term outcome with contemporary mobile-bearing implants : results from a retrospective multicentre study.</i> Michiel Van Parys <i>et al.</i>	657
<i>Efficacy of total knee arthroplasty (TKA) revision surgery depends upon the indication for revision : a systematic review.</i> Michiel Cromheecke <i>et al.</i>	663
<i>The quality of life of patients with patellofemoral pain – a systematic review.</i> Levi Reijnders <i>et al.</i>	678
<i>A neuro-anatomically grounded scheme for LIA gives superior analgesia and comfort levels compared to epidural analgesia until seven days after total knee arthroplasty.</i> Alain F. Kalmar <i>et al.</i>	688
<i>Surgical repair of a tibialis anterior tendon rupture : a case report.</i> Adonis Safar <i>et al.</i>	697
<i>Os acromiale : literature review and treatment options.</i> Ugo Breda <i>et al.</i>	702
<i>How reliable are imaging protocols in the diagnosis of subscapularis tears? Gert Dirkx <i>et al.</i></i>	706
<i>Accuracy and safety of the endoscopic repair of the distal biceps : a cadaveric study.</i> Pieter Caekebeke <i>et al.</i>	711
<i>Three-Corner Arthrodesis (lunate – hamate – capitate) : clinical and kinematical evaluation.</i> Mathias Colman <i>et al.</i>	717
<i>M6-C prosthesis failure in hybrid construction : a double case report.</i> Wouter G. Schroven <i>et al.</i>	724
