ORIGINAL STUDIES

<i>Survey regarding prevention of surgical site infection after orthopaedic surgery in Belgium: are we on the right track?</i> Mathieu Raad <i>et al.</i>	645
<i>Vertebral sarcoidosis: diagnosis to management</i> , Hanene Lassoued Ferjani <i>et al.</i>	655
<i>Local anesthesia, epidural anesthesia and general anesthesia comparison in lumbar disc herniation: a network meta-analysis</i> , Wei Wang <i>et al.</i>	661
<i>Prevertebral soft tissue swelling after anterior cervical internal fixation at different segments: a retrospective study</i> , Jianqiang Dai <i>et al.</i>	667
<i>Cervical spine injuries in spinal ankylosing disorders: results of single-stage posterior stabilization without posterolateral fusion</i> , Roslind Karolina Hackenberg <i>et al.</i>	675
<i>Analysis on the correlation between the occurrence of vertebral artery ostium stenosis and the severity of osteoporosis in elderly patients with atherosclerosis</i> , Zhongyong Peng <i>et al.</i>	685
<i>Hyaluronic acid as an alternative treatment option for degenerative rotator cuff tears</i> , Philip Tack <i>et al.</i>	691
<i>The role of physical activity as conservative treatment for massive rotator cuff tears in elderly patients: a systematic review</i> , Lorenzo Alirio Diaz Balzani <i>et al.</i>	699
<i>Biochemical and biomechanical influence on peri anchor cyst formation in rotator cuff repair</i> , John Ranson <i>et al.</i>	713
<i>Does the choice of the optic portal influence the radiographic and early functional results in acute acromioclavicular disjunctions?</i> Matthieu Peras <i>et al.</i>	719
<i>The effect of single plate and double plate application on union and functional results in humeral diaphyseal nonunions</i> , Fatih Durgut <i>et al.</i>	727
<i>Comparison of waterproof versus cotton cast liners on cast index in pediatric forearm fractures</i> , Michael Nolte <i>et al.</i>	733
<i>Combined radial wedge and shortening osteotomy versus scaphocapitate arthrodesis in advanced Kienböck's disease</i> , Seong-Hwan Woo <i>et al.</i>	739
<i>The clinical application of individualized three-dimensional printing guiding template for assisting scaphoid fracture fixation through dorsal approach</i> , Feng Lin <i>et al.</i>	749
<i>Reconstruction of flexor pollicis longus tendon with palmaris longus interposition graft: results in 14 patients</i> , Tine Peters <i>et al.</i>	757
<i>Ulnar lateral digital flap for Dupuytren's disease of the fifth finger, a technique not be forgotten</i> , Canelle Bakota Morrison <i>et al.</i>	761
<i>Financial implications of the renewed reimbursement system of total hip arthroplasty in Belgium</i> , Noëmi Rabbachin <i>et al.</i>	765
<i>Modular uncemented revision total hip arthroplasty in young versus elderly patients: a good alternative?</i> Henrik Constantin Bäcker <i>et al.</i>	773
<i>A prospective study of 93 unicompartmental knee prosthesis emphasises the appearance of radiolucencies under the tibial component</i> , Peter Reynders-Frederix <i>et al.</i>	781
<i>How does kinesiophobia affect short- and long-term gait parameters in individuals with total knee arthroplasty surgery?</i> Gulnihal Deniz <i>et al.</i>	788

<i>Which design tolerates rotational mismatch better in unicompartmental knee arthroplasty: fixed or mobile bearing? Fahri Emre et al.</i>	797
<i>An evaluation of intra and inter observer reliability of the five used classification systems of tibial plateau fractures, Alper Koksall et al.</i>	805
<i>Evaluation of the effect of intra-articular platelet-rich plasma and hyaluronic acid injections on femoral cartilage thickness in chronic knee osteoarthritis, Okan Küçükakkaş et al.</i>	811
<i>Local anesthesia, epidural anesthesia and general anesthesia comparison in lumbar disc herniation: a network meta-analysis, Wei Wang et al.</i>	820
<i>Early internal fixation of open ankle malleolar fractures is not associated with increased complications: case control study, Amr Abdelgawad et al.</i>	825
<i>Results of a shuttle catheter technique for surgical repair of acute extensor hallucis longus tears, Osama Samir Gaarour, Amr Elshahhat</i>	835
